

General Practitioners (GP) and Dentist

Paediatric Referral Pathway for Strongly Suspected Cancer (Patients aged 0-16 years)

Children's cancer tend to be diagnosed and tackled quicker using this pathway, eliminating any lost days

If patient presents unwell to GP/Dentist – patient should be sent directly to Children's Emergency Department (CED) at **Lister Hospital, Stevenage**

Or

If GP/Dentist strongly suspect malignancy but child does not require attendance at the CED
GP/Dentist should contact the Duty Paediatric Consultant (7 days a week via the Switchboard **01438 759928**)
to discuss management/rapid assessment in appropriate setting. Once discussed the patient is either:
