

Patient Information - The Hospital Communication Book

The Hospital Communication Book was originally designed by The Clear Communication People Ltd on behalf of The Learning Disability Partnership Board in Surrey.

The Hospital Communication Book is a useful tool to help make sure people who have difficulties understanding and/or communicating get an equal service in hospital.

The book provides instruction on basic sign language as well as pictures and advice to help communicate with people while they are in the hospital setting.

A copy of this book is available on all inpatient wards and within the outpatient departments on each of our sites. If you think it would be beneficial to use this book during your or a loved one's visit to us, please speak to a member of staff.
